

## Mission Expression Pedal Compatibility List

The following is a list of processors and controllers that have either been tested by Mission Engineering or have had their specifications reviewed for compatibility. The expression column is for the expression pedal function in the SP-1, EP-1 and SP-2 pedals. The switch column indicates if the device supports a footswitch input from the SP-1 pedals.

### Processor

#### *Modeling Amps/Effects*

	Expression	Switch	Verification*	Notes
Fractal Audio Axe-Fx Standard.	Yes	Yes	Test	
Fractal Audio Axe-Fx Ultra.	Yes	Yes	Test	
Line 6 PodXT Live.	Yes	No	Test	
Line 6 PodX3 Live.	Yes	No	Spec	
TC Electronic Nova System	Yes	No	Spec	
Mesa Boogie Tri-Axis	Yes	No	Spec	Requires MIDI Controller
Line 6 M13	Yes	No	Test	Requires -R option

#### *MIDI Floor Controllers*

Liquid Foot Pro	Yes	Yes	Test	Use SP1-LF
Liquid Foot Jr	Yes	Yes	Test	Use SP1-LF
Rocktron MIDI Mate	Yes	No	Test	Requires -R option
Rocktron All Access	Yes	Yes	Spec	Requires -R option
Voodoo Lab Ground Control Pro	Yes	Yes	Test	
Axess Electronics FX1	Yes	Yes	Spec	Requires -R option
Skrydstrup SC-1	Yes	Yes	Spec	

#### *Rack Processors*

Line 6 UX8. Expression (Requires Momentary Switch).	Yes	Yes	Spec	Requires momentary switch
Electro Harmonix Bi-Filter.	Yes	Yes	Spec	

*Stomp Boxes with Expression Pedal Inputs*

Electro Harmonix Worm, Stereo Polyphase, Hog, Holy Stain, Holiest Grail, Tube Eq	Yes	No	Spec
Boss PH3 Phase Shifter, PS5 Super Shifter, AW3 Dynamic Wah	Yes	No	Test
Eventide TimeFactor, PitchFactor, ModFactor	Yes	N/A	Spec
Marshall Regenerator, Reflector	Yes	No	Spec
Line 6 MM4, DL4, FM4 Stomp box Modelers	Yes	No	Spec
Moog Mooger Fooger	Yes	No	Spec

\* Test means processor has been tested and verified compatible by Mission Engineering and/or users.  
Spec means processor is compatible based on manufacturer provided specifications, but has not yet been tested.  
N/A means insufficient information is available from processor manufacturer to determine compatibility.
